REV. MR. CUMMINGS TO LEAVE DECEMBER FIRST

A special meeting of the members of the Congregational Church in Wilmington, held Monday evening, with Moderator Philip Buzzell presiding voted to accept the resignation of the minister, the Rev. Stanley Cummings. At his own request the members voted to allow him to leave on Dec. 1st instead of on Dec. 15th, as previously requested.

Mr. Cummings will then commence his new duties as minister of the Mary Lyon Congregational Church in Buckland Mass. The church also voted to ask the Woburn Association of Congregational Churches to make arrangements for dissolving the pastoral relation, an action made necessary by the fact that Mr. Cummings was installed in the Wilmington Church by the Association in June 1948.

Initial steps were taken toward the securing of a new minister, as well as an interim minister for the period between the two pastorates.

NEW HIGH SCHOOL ADDITION TO HAVE RADIO STATION

Plans for the new High School addition include plans for a small radio station, to be operated by students of the school.

The radio station, size as yet undetermined, will be in the workshop section of the new building, in the part behind the Roman House. It will be divided into two parts, by cages, one cage being for equipment and tools, and the other being for the radio set. Both cages will be about seven feet square, under the present plans.

A rotary beam antenna is to be erected over the roof, with a height of about 40 feet, so as to offer good reception and sending strength, in spite of the nearby trees. It will be specially strengthened so as to withstand the full force of any hurricane which may strike it.

The High School, at the present time, has a small but active Radio Club.

BOARD OF HEALTH ASKS FOR HEALTH CENTER

The Board of Health, Monday evening, under the chairmanship of Augustus C. Walker, drafted a letter to the Planning Board, asking that plans for a Health Center be included in the Capital Outlay Planning.

Pointing out the need of expansion, and the limited space the Board told the Planning Board that the Well-Baby Clinics are now being held in churches and the Legion Hall and that other services of a similar nature (eg Diptheria Clinics) were similarly obstructed.

There is a need, the Planning Board was told, for a laboratory, which would cost about \$4,000, but would ultimately save the town money, because several hundred dollars a year is being paid to the Town of Chelmsford for the use of their laboratory, in addition to travel costs.

The Board pointed out that one of the needs of this town is an adequate health center and that the present facilities do nothing towards encouraging physicians to move to Wilmington.

The estimated cost of the

building, which would occupy about 1400 square feet, would be \$21,000. Including the laboratory the cost would be about \$25,000 the board stated.

SHOPPING CENTER NEWS CAUSES RECORD EXECUTIVE SESSION

The news of the million dollar shopping center, which appeared in the Town Crier last week caused one of the longest closed door meetings on record on the part of the Board of Selectmen, Monday night.

The Selectmen went into executive session at 9 pm with the Wilmington Housing Authority, while the implications of the Shopping Center and Urban Renewal were discussed. Voices were raised occasionally. This part of the meeting lasted one and three quarters hours.

After that the Selectmen held their own executive session for another hour and three quarters, discussing the same question, and also discussing how it had got into the Town Crier. Voices were also raised on this occasion, and part of the conversation seemed to be directed against the Town Manager, for bringing the new company to Wilmington.

MADDEN ELECTED STATE SENATOR

Attorney William C. Madden of Lexington is the new Senator of the Seventh Middlesex District, unofficial returns show Madden defeated his Republican opponent, (and fellow townsman) William E. Maloney by a vote of 31,914 to 30,435.

Maloney, who gave up a Representative's seat to fill in on the Senatorial fight, when Gibbons became the nominee for Governor, led in the rural areas of the district, but lost in the City of Lowell vote.

Lowell's vote was 2601 for Maloney and 9,989 for Madden.

AN OPEN LETTER TO ATTY WILLIAM H. SULLIVAN, OF LOWELL

Dear Bill:

I did not see you, on television, last Thursday night, but I have been told by too many persons of your statement about me to be able to say they were dreaming. According to these persons you stated that Congresswoman Rogers appointed me Postmaster of North Wilmington because I would be able to give her favorable publicity because I own the Town Crier, and that she did this in spite of the fact that two Veterans had also passed the Civil Service examination for Postmaster of North Wilmington.

It has always been my policy to disregard any insidious remarks made about me, but when a person is falsely accused because of me I feel that that person should be entitled to having the truth told.

In addition to this, you indirectly attacked my war record, of which I believe I have every reason to be proud.

I did not wait for the Draft Board to call me, and thus acquire a halo of being a Veteran. I saw active duty, of the most hazardous kind from the day Hitler invaded Poland in 1939 to the end of the war. I was a Shipmaster, in the US Merchant Marine. I was at sea the day the war started, and I was at sea the day the war ended.

Of all the people who served their country during World War II, the professional seamen had the greatest casualties, percentage wise. There were 50,000 professional seamen serving on American ships on the day of Pearl Harbor. Within one year 10%, over 5000, had laid down their lives, this while many people were still hoping that the draft board would not call them.

At the height of the submarine war, in January 1943, I took, alone and unprotected, a ship load of TNT across the Atlantic. 8800 tons of TNT. I sailed as part of a convoy of 56 ships, which shortly had to break up because of bad weather. Many of the ships returned to port. I and others did not, but kept on. 13 of those who kept on were torpedoed, but I was lucky.

I was shortly thereafter transferred in to the Army Transport service, where I commanded one of the larger troopships to sail the Atlantic. My ship was fortunate enough to be rated the number one ship of its class, by the New York Port of Embarkation.

It was not my choice that put me in command

of a troopship, for I am a Reserve Officer of the United States Navy, with, at this moment, a total of 30 years service. It was a joint decision of the Army and the Navy that put me on that ship. It was there that they felt I could do the most good for my country.

When Mrs. Rogers appointed me Postmaster of North Wilmington it was because I passed the Civil Service examination far above any of my competitors. One of those who tried, and failed suggested to the man who came out in number two position that a protest be made, because I was not a Veteran. This man refused, saying that he knew I had seen more action than perhaps any other person in Wilmington.

As for Mrs. Rogers wanting free publicity in my paper.

I have had a rule, which is non-political, that any candidate who announces himself for public office will get one free story on the front page. Thereafter, if he wants news in the paper I own, he must do something in Wilmington for this paper is a Wilmington paper.

In the campaign just now drawing to a close you were given a front page story. Not one word has been written about Mrs. Rogers.

Yours in friendship,
Capt. Larz Neilson, Publisher

THE MILLION DOLLAR SHOPPING CENTER

The news of the new shopping center, learned by the people of Wilmington through the medium of these pages, has already had its effect in the town.

First of all, it may be said safely that other commercial properties have had a slump in value. Potential store sites are no longer potential, or at least not as potent as they were a little over a week ago. Dreams that some land owners may have had went up in the weekend smoke, along with the leaves that were being burned.

But it is still impossible to measure the effect of the announced shopping center. The measurement will be over a period of time, as the effects can better be judged.

One hasty judgment, that was on the lips of more than a few persons was "This is the end of the Urban Renewal project."

Don't be too hasty. Urban Renewal in Wilmington is the result of an expression of popular opinion, and it is by no means dead, as of this moment.

The Wilmington Housing Authority is keenly aware of its problems. It met, Tuesday night, with the heads of every committee in town that will have any business with Urban Renewal. The meeting was not only cordial, but one which was designed to iron out any troubles that may exist.

The Permanent Building Committee, the Board of Health, the Planning Board, the Board of Appeals, and Finance Committee are all working with the Housing Authority now, and Urban Renewal is not yet dead.

TOWN NOTES

Ice On the Ponds

There was ice on the ponds Sunday morning, for the first time this year. The temperature at 6 am when decent people get up, was 26 degrees.

57 Inches

Wilmington averages 39 inches of rain a year, but from Nov. 1, 1957 to Oct. 31, 1958, we had a total of 57.01 inches, which undoubtedly constitutes a record.

The rainiest month of the 12 was September of this year, when 6.53 inches fell, and the next rainiest was November of last year. In the October just past we had a total of 3.87 inches.

Pumpkins

We have noticed more smashed pumpkins on the streets this year, during Halloween week than in any previous year that we can remember. It would seem that the kiddies have developed a new habit - that of 'swiping' pumpkins from front door steps.

Education in the Mid West

Dudley Buck, chairman of the School Committee has just returned from the mid-west, and what he has to report would make any teacher and school authority drool.

Dr. Buck was sent out to Chicago by MIT to lecture to High School students on the advantages of a Science Course of Study. He spoke three times a day, for a full week, to 18 different schools, in the area between Chicago and Lake Forest.

Buck reports that the biggest High School he visited had 4000 pupils, 75% of whom were going to college, and that at Highland Park High School, in Illinois, the city spent \$800 a year, per pupil, on education, which is over twice the greatest amount spent in any city or town in Massachusetts.

Rides Wanted

More than ever before, a number of telephones in Wilmington were besieged, Tuesday, by people who wanted rides to the polls.

The School Department, the Police Department, and the Town Hall telephones were ringing and jangling constantly.

Even our own phone was rather busy. In our case, if we thought the caller was a Republican we gave them the number of a Democrat, and vice-versa. Don't ask us how we could tell, thought.

Deer of Deer

Vernon Randall of Church St. and Earl Baldwin of Andover St. are apparently the first men of Wilmington to shoot a deer this season, with Baldwin beating Randall to the draw by about 15 hours.

They brought back a buck and a doe, Sunday evening, draped over the hood of Baldwin's car.

Baldwin got his buck, which weighed in at 200 pounds, last Saturday, in New Hampshire, using a 30.06 rifle. Next morning Randall shot a doe, using a .44 pistol, from a distance of about 50 feet. The doe weighed 110 pounds.

Eddie Lyons, of Main Street, who had a deer hanging up at his place of business, did not shoot the deer, he regrets to inform his public. It was given to him, by a friend, in Canada.

Voting Notes

Bullets were case in profusion, in the State Representative race, in Wilmington, the returns indicate.

A 'bullet' is the trick of voting for just one man, when there are places for two on the ballot. In effect it gives two votes to the candidate of the voters choice.

Both Tanner and Donohue had a large number of bullets cast for them, according to unofficial observations of the poll watchers. They apparently both have large numbers of friends in Wilmington who were determined that they get elected.

Out of a total of 3632 voters there were a total of 1008 bullets cast in the Represent-

tative race - the highest proportion in any contest in this town.

One Vote Out

As usual there was a difference of one vote, between the count of the ballot box and the actual count of votes cast and this in spite of the fact that Wilmington recently received a new ballot box.

At 8:33 pm the ballot box indicated 3306 votes, when 3305 had been deposited. (The other 27 votes were from Absentee Voters)

Mrs. Wavie Drew, Selectman and Chairman of the Town Republican Committee was the best guesser as to the number of votes cast, even if she did possibly miss in other directions.

Mrs. Drew chose 3600 as the number to be cast, in an informal contest that is held in each election, by those who work at the polls.

Hardworking Democrats

The Town Democratic Committee (or part of it, anyway) deserves a lot of credit for getting out the Democratic vote in Wilmington.

We are told that they had a complete index file on the voters of Wilmington, as long ago as last March. On election day both parties called about every voter in Wilmington, the Democrats used the telephone more.

Chairman Jimmy McLaughlin of Democratic Town Committee was one of the two members of that committee who stood out the count to the bitter end - and the other was Ted Cantrell of Andover Road.

Coffee Etc

Counting ballots, being a sitting down job, may be presumed to be easy - but some times it lasts oh so long!

Some of our ballot counters were there until 3:30 am Wednesday, and if it wasn't for the coffee, etc., served by Mina De Lisle, and Fay Cantrell, we would hazard that the ballot counting would have lasted until 6:30 am.

Elmer Nelson

One of the poll watchers reported to us that she had seen a number of straight Republican Ballots, which had voted for everyone on the ticket - with one exception.

They did not cast a vote for Elmer Nelson, the defeated candidate for Lt. Governor.

It is a good story, and we are perfectly willing to accept it, but the tabulation of votes shows that Nelson received a number of votes which was just half way between that of Gibbons, and Mrs. Boch, the Republican candidate for Secretary of State.

Ups

Our last story on election day just concerns traffic, and the type of precautions for which our cops are becoming known.

Basil Weatherbee was unfortunate enough to get a flat tire, near the Grange Hall, just after dark. Wildwood St. was at that time a heavily travelled road, as voters hurried to and from the High School.

It was just then that the Police Cruiser came along, and when the cops saw the danger they stopped - and put out a 20 minute flare, to warn motorists of the parked car. Very nice of them, sez we.

METHODISTS RELEASE OVER 20,000 PARCELS SURPLUS FOOD

A Halloween party, at the Wilmington Methodist Church last Friday evening was a ten ton success. Enough money was collected during the early evening by children who canvassed for the Share Our Surplus program to release over ten tons of America's surplus commodities to the starving peoples of the world.

The children, and their families also enjoyed a party of apple bobbing, relay races, and story telling, led by the Young Adult Fellowship, and the favorite attraction of the evening, a ghost walk under the sponsorship of the Intermediate MYF.

(News Item) - The De Moulas Brothers said that the Town Sanitarian was very helpful.

WHO ME? THEY MUST HAVE CAUGHT ME WHEN I WAS SMILING!

Holiday refreshments were served by the members of the Senior MYF at the close of the evening.

THE GOBLINS WERE OUT

The Goblins and Ghosts were out in full cry last Friday night, as caught by the Town Crier Camera.

Up in Hathaway Acres, the Goblins disported their costumes at the end of Pilling Road, which was set aside by the community for the festivities. The girl in white is Elaine Dahl, and beside her is Sharlene Moore.

The Silver Lake Betterment decided against a party, as the kids showed they would rather go on trick or treat calls. They set up a table and let the kids help themselves, instead. Here a bunch of boys are grabbing their handfulls while Johnny McAndrews looks on.

Believe it or not, there was one angel on the loose, as this picture, taken at the Wilmington Skating Club, can testify.

Witches and Goblins, (Senior Grade) had fun at the Cotter home, on Shawsheen Avenue, but only after the Junior Grade types had gone to bed.

WILDCATS IN SCORELESS TIE
 'A score, a score; my kingdom for a score,' Head Coach Fred Bellissimo must have been ruminating at North Andover last Saturday as his charges roared up and down the field almost at will, but without the oomph needed to cross that last and sweetest stripe. Hobbled by the loss of eight team-mates who have suffered an assortment of broken ankles and legs in recent weeks, the Scarlet Knights managed to stave off repeated Wilmington threats to their goal line.

The first threat followed the opening kickoff which our Bill Rooney took from his own 18 to the 32. Fourteen ground plays moved the ball all the way to North's 4 where the pattern of the game was established when the home team took the ball on downs. Wilmington's aggressive defense, keyed by charging Brian Phillips, restricted the North Andover club to their own territory until mid-way in the second period. Two sweeps around each end then set up a Blue and White defense for the 32 yard pass play from Sophomore quarterback Butler to the right end which gave the home club the ball on Wilmington's 27 yard line. Thanks to the diminutive Danny Bemis and to the elongated Win Fairfield, who combined to smother a pass attempt on fourth down, North Andover's march was halted and the rest of the period was taken up by swapped incompleting passes.

Best Effort

Although they managed to make the North Andover 20 yard line later in the third period, the Wildcats had their best opportunity to score in the final quarter. George Munroe quarterback-sneaked from the North Andover 9 to their 5 for a 1st down, climaxing a drive which began on the Wilmington 47. A score seemed imminent but this thrust fizzled out too, and the visiting Wildcats were content to settle for the tie as time ran out.

Summing Up

Despite the fact that Billy Rooney rolled up 123 yards in his usual overtime effort, we had the opportunity to see our backfield depth in action. We liked what we saw. Both Butch Boudreau and Danny Bemis made some fine defensive plays, and Neal McCormack carried out his offensive assignments well. Ken Spinelli sparked on defense again, and Joe Casey almost collected his usual pass interception. Joe will have to get two next week to catch up.

Another chance to balance the record at 3 wins, 3 losses and 1 tie will come Saturday when we return home to engage North Reading, who gave Wilmington a surprise last season and who swamped Lynnfield a week ago.

 Weymouth Exhibitions
 Some of the younger classes of speed skaters had a chance on Wednesday evening to test their mettle under actual racing conditions when they were invited by the Bay State Skating Club to compete in exhibition races at Weymouth Arena. No results were available as we went to press, but we feel sure that our kids again gave a good account of themselves.

Incidentally, the next scheduled exhibition races will be held on Thursday evening, December 4th, at Lynn Arena. All of you youngsters who have been skipping the practice sessions still have time to get back into form for that night.

Hurry Back Department

Popular Coach Dick Keady has been spending some time in the hospital. We add our voice to the many which have already been raised urging him to 'get well and hurry back.'

Brief Notes

Bob Rankin's 150 is heading the high single list for the Town Bowling League..... J. V. football games during the past week found Wilmington topping the North Andover J.V. (revenge???) and swapping wins with the tough Billerica club.

...Young Paul Lynch tallied 14 points for his team in a very informal game played among the junior high-ers Friday, as the Silver Lake 'wetbacks' topped the North Wilmington 'Blanks' by a 14-12 margin.... Look for a notice announcing the opening of the high school gym to you fat-and-forty basketball players again this fall. Larry Cushing, Director of Recreation, anticipates another big turnout this year.

Boosters Drive

The Boosters and high school students will complete their drive for memberships on Saturday morning between 9:00 and 11:30 A.M. when they will canvass those areas of town which they were unable to reach earlier.

Some of the loyal fans who have already become members of this worthy organization are listed below.

MAIL ROUTE NUMBERS TO BE CHANGED

Rural mail routes in Wilmington and North Wilmington will shortly be changed, because of the change in status of the North Wilmington Postoffice.

The Wilmington Postoffice, overcrowded as a result of the influx of AVCO, needs more room.

The North Wilmington Postoffice, newly built, has more room than is needed.

Henry Surrence, Rural Mail Carrier of Wilmington is to have his desk transferred to the North Wilmington Postoffice. There will be no change in his mail route, just a change in the office from which he starts. The number will stay the same, Rural Route No. 1.

Joseph Lynch and Robert Maloney, the Rural Carriers in No. Wilmington will have no changes in their routes or starting point, but will have the route numbers changed.

Lynch will now be on Rural Route #2, and Maloney on Rural Route #3.

BOARD OF APPEALS HEARING LASTED TWO MINUTES

The Board of Appeals, last Thursday held one of the shortest hearings on record, in an application of New England Gas to build, on its land in South Wilmington. The hearing lasted just exactly two minutes.

Atty Simon Cutter, appearing for the company, stated that the appeal was merely for the right to build, and for no other subject.

Chairman Walter J. Hale told Cutter, before he could get in to his arguments, that because the Wilmington Planning Board had not unanimously agreed to allow the case to be heard, and acting under the laws of the Commonwealth of Massachusetts which say that a case can not be heard again within two years without the unanimous consent of the Planning Board, he, Hale, declared the case closed.

Cutter was delighted. He pointed out, after the hearing was closed, that he was not appealing on the same subject that had been heard before, and further pointed out a statute which exempted permits to build from the statute on which he said Hale was acting.

PLANNING BOARD DISAPPROVES OF MULTIPLE UNIT HOMES

The Wilmington Planning Board Tuesday evening wrote a letter to the Board of Appeals in which they stated that, as a matter of principle they disapprove of multiple family homes in single residence districts.

Referring to the Carpenter case, at 313 Salem Street, which is now a three family home, and which is under consideration by the Board of Appeals, the Planning Board stated they did not approve of the three family use. They did not approve of the two family use either, but pointed out to the Appeal Board that it was entirely possible that the building had acquired a 'non-conforming use' in this respect.

High School students in Civics Ralph Zwicker of Mystic Avenue, and Howard Britt, of Railroad Avenue were interested spectators at the board

meeting. They were accompanied by Mr. Albert Geroux, Social Studies teacher in the High School.
